

Lucius – Two Of Us on the Run

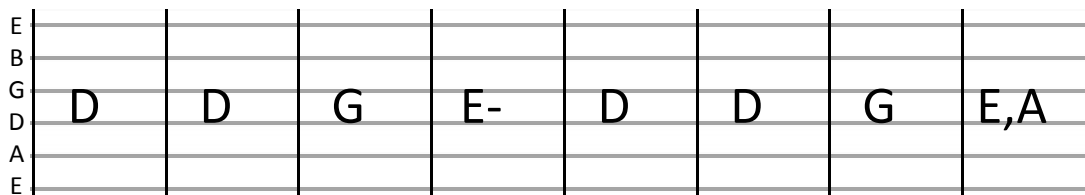

Verse A (slow 4/8)

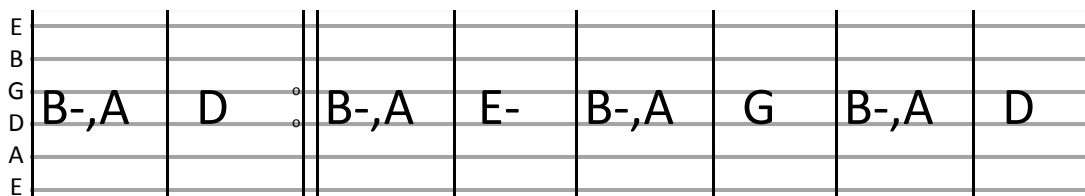

Verse B

Chorus (8/8)

Bridge

Verse 1 & 2

There are two of us on the run
Goin' so fast every doubt we had is comin' undone
And falling behind with everything we left there
We held on for far too long
And now we pass so many people on the road
They could come along I wish they'd been told and
They may call it a shot in the dark
From what we know, it's not unheard of

Chorus (end with B-/A/D/D, twice)

And we'll one day tell our story of how
We made something of ourselves now

Our favorite parts are what we'll keep
Ornamental parts of love and parts of memories
So everything else has room to grow
Cause in better light, everything changes

Chorus

Bridge

There's no race there's only a runner
Just keep one foot in front of the other
There's no race there's only a runner, Oh..
One two three and even when you get tired
Just keep one foot in front of the other
There's no race no ending in sight
No second too short no window too tight
Just turn off the lights when you leave
Cause we got everything were gonna need
We're on the run we're on the run we're on the run child
We gotta run we gotta run we gotta run child.

Chorus (once through without "And we'll")

Chorus (Hold D, then end with G, E-, A, D)
